Pièces jointes: 161024-3d M+T Code List project.docx

Dear Mr. Thompson,

Thank you for your email and the information.

Please, consider my support, as HoD, to the "Code Management Project"

Best regards

Manuel Pereira

Asunto: RE: UN/CEFACT/ Spanish expert

Dear Mr. Pereira-Ramos,

The Bureau approved the attached project pending 3 HoD support in October and the team has been having difficulty getting the required three HoD support.

The project aims to define how to make extensions and restrictions to official code lists. It is rather technical, but will be a very important addition to our work, especially to allow the effective use of our standards.

Would you please consider bringing your support to this project as Spanish HoD?
It would be most appreciated.

Thanks very much.

Look forward to seeing you again in Geneva.

Best regards,

Lance

Dr. Lance THOMPSON
