Dear Kamola,

Please refer to my earlier email to you on this subject. We support this project.

With regards,

Tahseen

Dear Kamola,

Thanks for the message.

I will attend the meeting of 30th June and present the project proposal.

We will provide HoD support. Please allow me to process the proposal internally. I am currently attending the UN/ESCAP meeting at Bangkok which is keeping me engaged. So please expect a reply from me next week as I will be back this weekend.

I have discussed with the UN/ESCAP secretariat about the UN/CEFACT coming Forum at Bangkok. It seems they are waiting for a detailed programme from you.

With regards,

Tahseen

Dear Tahseen,

I hope this email finds you well. I am forwarding you the project proposal ([Transparency at scale: digital solutions for trust - resilience and sustainability \(unece.org\)](#)) that was approved last week, pending three HoD support to be able to formally launch. So far, we have only received support from the Russian Federation and Slovenia.

Would you support this project to ensure 3 HoD support? Also, kindly confirm that you will participate in the next Bureau call on 30 June and present the project.

Many thanks,

Kamola

Subject: Transparency at scale - Digital solutions for trust, resilience and sustainability: verifiable credentials in supply chains

Dear UN/CEFACT Head of Delegation,

A UN/CEFACT project on “Transparency at scale - Digital solutions for trust, resilience and sustainability: verifiable credentials in supply chains” has been approved by the Bureau pending three Head of Delegation support to start. You can find the project proposal on the following internet page:
<https://uncefact.unece.org/display/uncefactpublic/Transparency+at+scale%3A+digital+solutions+for+trust+-+resilience+and+sustainability>

The role of UN/CEFACT Heads of Delegation is essential for the proper functioning of our work, not only for the validations and approvals during the Plenary sessions, but also for launching new projects. All projects that aim to create either a Recommendation, a Business Standard or a Technical Specification require three Head of Delegation support in order to be launched. This support does **not** imply that your organization or your delegation bring resources to this topic, although that is greatly appreciated for all projects when possible. This support does recognize that this topic is relevant to the scope and mandate of UN/CEFACT and that it would be a positive addition in our deliverables.

As a UN/CEFACT Head of Delegation, would you please consider bringing your support to this project so that it may start?

Just a return email stating your support would be sufficient.

If you do not wish to support this project, no action is required.

Thank you in advance for your consideration and continued support.
Best regards,

Alla Shlykova
