Dear Lance,

It is great to hear from you again!

I fully support the project to revise Rec 33. As mentioned in the project proposal, a lot of time has passed since 2004. For a recommendation to remain relevant it needs to be kept up to date. Therefore, I fully support the planned revision.

It would be great if we could catch up some time soon!

Best regards,

Anneli

Dear Anneli,

I hope that everything is going well for you. The year has started off very busy here - no surprise there.

We have some exciting news at UN/CEFACT: the Bureau has just approved a project to revise Recommendation 33, with Mats Wicktor from Swedish Customs as project leader.

In order for the project to launch officially, we need to have three HoD support.

Would you kindly consider bringing your HoD support to this project?

I attach the project proposal for your consideration and I put VC Estelle Igwe (the supporting Vice Chair) and Mats Wicktor (approved project leader) if you would like any further information, or if you would like to suggest experts to participate in this project.

Thanks very much for your consideration.

If you have time for a chat in the near future, let me know - would be great to catch up.

Have a good day,

Lance
