Subject: UN/CEFACT Project - United Nations Trade at a Elements Directory Review - Request for HoD support

Dear UN/CEFACT Head of Delegation,

A UN/CEFACT project “United Nations Trade at an Elements Directory Review” has been approved by the Bureau, pending three Head of Delegation support. You can find the project proposal on the following page on our CUE website: <https://uncefact.unece.org/display/uncefactpublic/United+Nations+Trade+Data+Elements+Directory+Review>

The role of UN/CEFACT Heads of Delegation is essential for the proper functioning of our work, not only for the validations and approvals during the Plenary sessions but also for launching new projects. All projects that aim to create either a Recommendation, a Business Standard or a Technical Specification require three Head of Delegation support to be launched. This support, which does not imply a resource commitment from your organization or delegation, is greatly appreciated for all projects when possible. It simply recognizes that this topic is relevant to the scope and mandate of UN/CEFACT and that it would be a positive addition to our deliverables.

If you would like to support this project, please confirm by replying to this email.

Many thanks in advance for your consideration and continuing support!

Best regards,
Nadezhda
