Dear Lance,

Germany supports this project and Rolf Wessels as one of our experts will be actively involved.

Beste Grüße / best regards

Jörg

A UN/CEFACT project on “Cross Industry Supply Chain Track and Trade” has been approved by the Bureau pending three Head of Delegation support to start. You can find the project proposal on the following internet page: https://unefact.unece.org/display/unefactpublic/Cross+Industry+Supply+Chain+Track+and+Trace+Project

The role of UN/CEFACT Heads of Delegation is essential for the proper functioning of our work, not only for the validations and approvals during the Plenary sessions, but also for launching new projects. All projects that aim to create either a Recommendation, a Business Standard or a Technical Specification require three Head of Delegation support in order to be launched. This support does not imply that your organization or your delegation bring resources to this topic, although that is greatly appreciated for all projects when possible. This support does recognize that this topic is relevant to the scope and mandate of UN/CEFACT and that it would be a positive addition in our deliverables.
As a UN/CEFACT Head of Delegation, would you please consider bringing your support to this project so that it may start? Just a return email stating your support would be sufficient.

Thank you in advance for your consideration and continued support.

Best regards,

**Lance THOMPSON**
