third mobility package

DG Move – DTLF 1

DTLF = Digital Transport and Logistics Forum

1. Harmonization & acceptance of e-transport documents
2. Integration of information along multi-modal logistics corridors

eFTI Electronic Freight Transport Information

eFTI is part of the “Third Mobility Package”, proposed by the European Commission

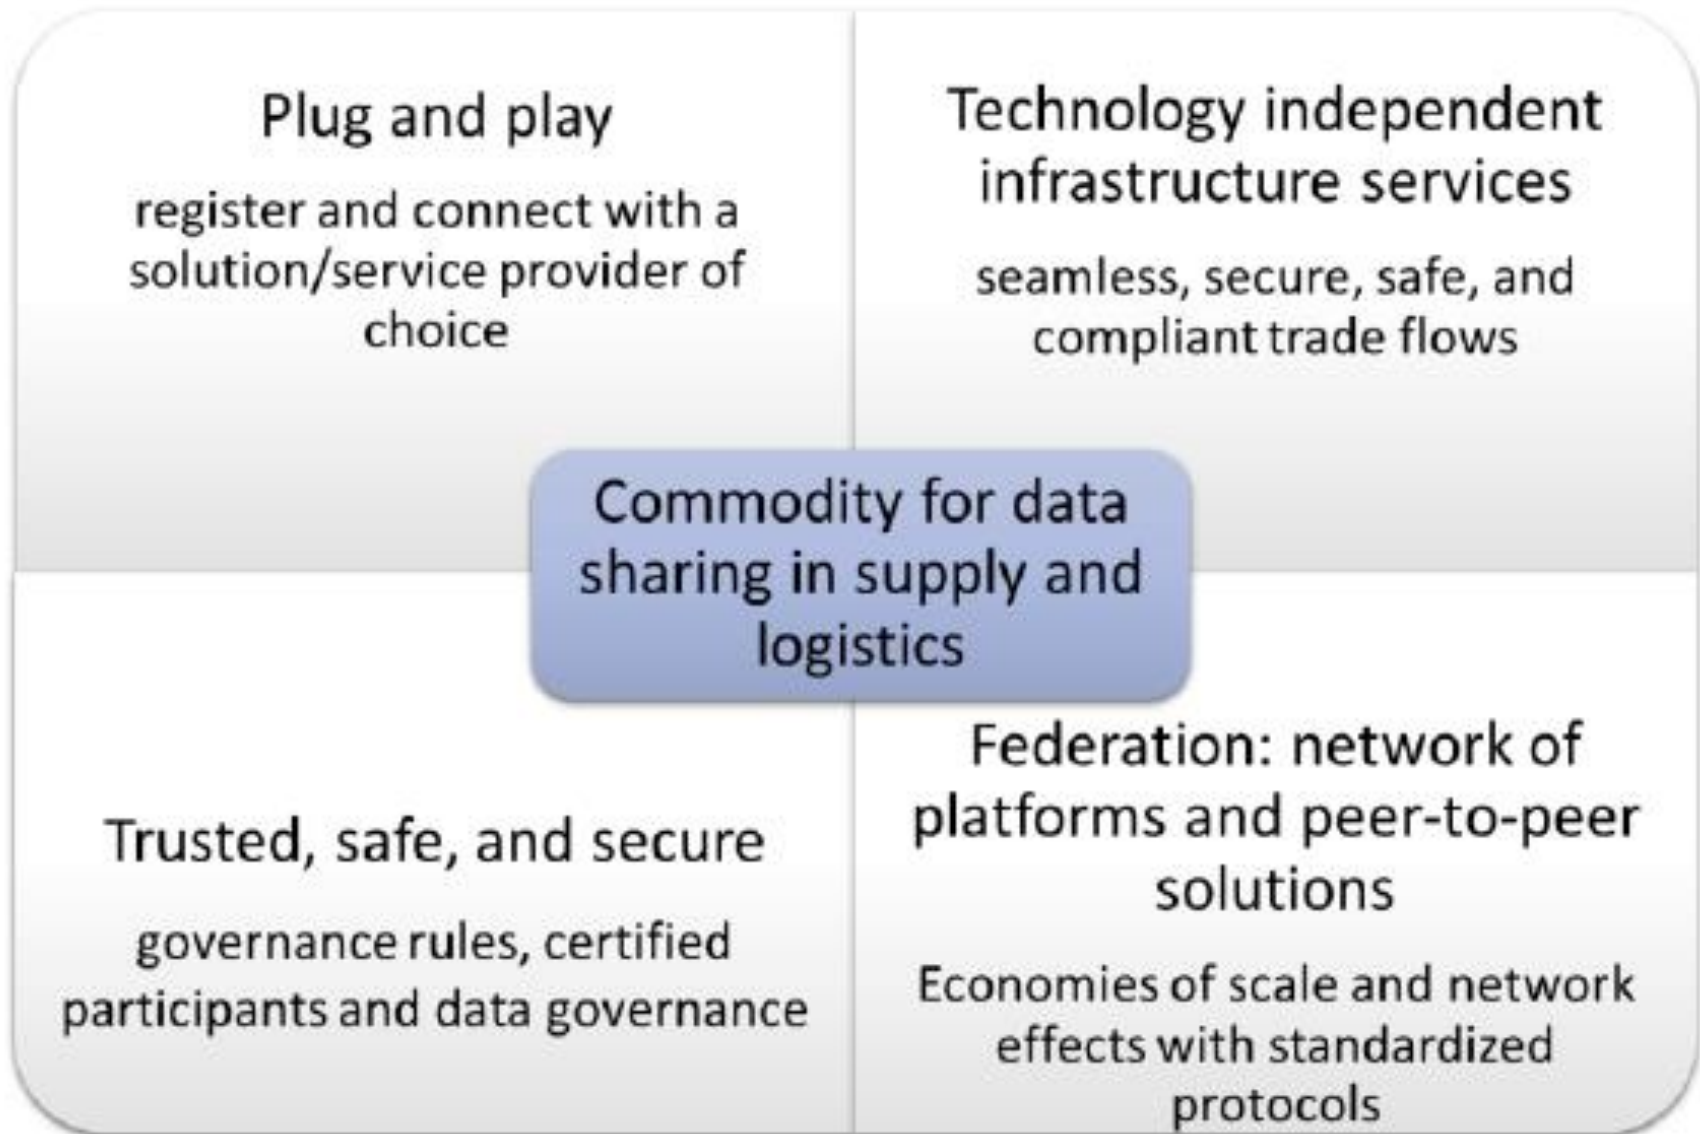

- B2G: obligation of EU MS to accept electronic transport documents
- In a machine readable data format
- harmonized across Europe
- EU MS must ensure the interoperability of IT systems

Opportunity

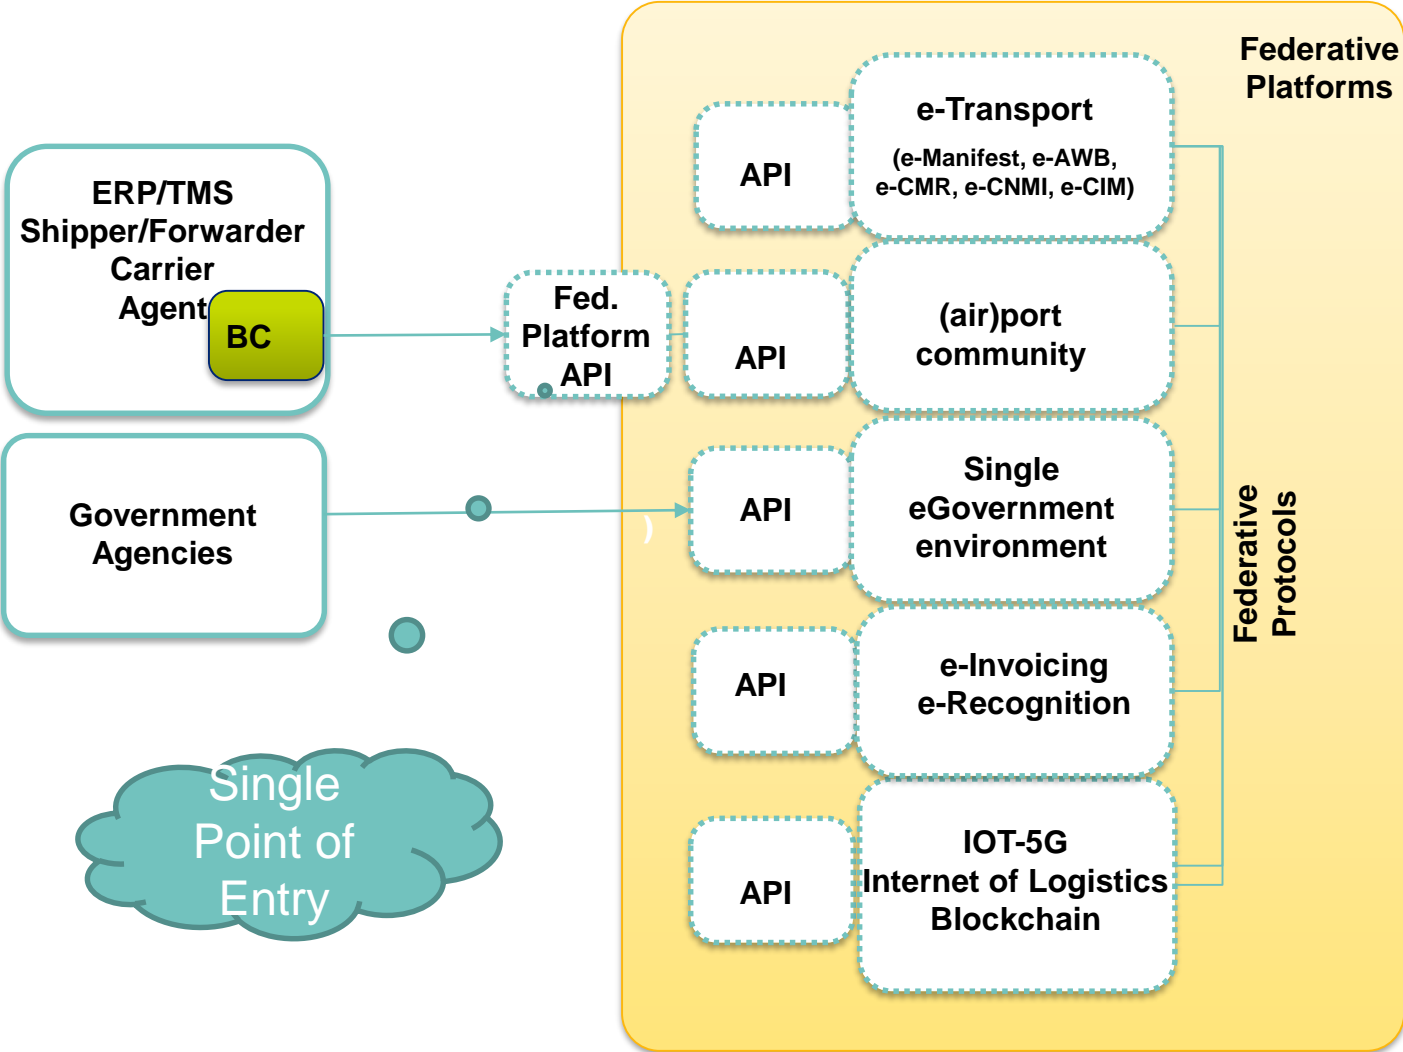

Use UN/CEFACT Multi Modal Transport Reference Model MMT as basis for eFTI data sets for B2G data sharing

Concept of a federated data platform

Seamless data exchange as a key for efficient logistics

EU Federative Architecture, potential scenario

EU DG Move – DTLF 2

- 5-year mandate, initial meeting on 18 January 2019
- 10+ members of UN/CEFACT Transport & Logistics expert group
