Project Governance

Project Groups of Experts Scope of Work

 Sub-group 1 → Develops a **Policy Recommendation** on Traceability and Transparency for Sustainable Value Chains in the Garment and Footwear Industry.

 Sub-group 2 → Develops a **Standard** for Electronic Information Exchange for the **Textile Sector** for traceability and transparency of sustainable value chains (BRS/CCBDA/XML/EDIFACT).

 Sub-group 3 → Develops a **Standard** for Electronic Information Exchange for the **Leather Sector** for traceability and transparency of sustainable value chains (BRS/CCBDA/XML/EDIFACT).

 Sub-group 4 → Conducts **Pilots, Training** and **Awareness** raising for traceability and transparency of sustainable value chains.

As of 25 October 2019,

102 Experts

expressed interest to join the project Sub-groups

- **Reference Doc:** 02. Call for Participation and GoE ToRs; 03. Group of Experts Composition

Project Governance

Type of expertise

 High level expertise on industry business and policies, and sustainability

 Technical expertise on 1. Business requirements and information entities, 2. Mapping of the value chain, 4. Sustainability hot spots/KPIs/standards&certification

 Expertise in 1. knowledge development and sharing; 2. networking with and reaching out to practioners on implementation of supply chain standards; 3 technology solutions for the pilot/s

1. Policy Group

2. Technical Standard Group

3. Capacity Building & Pilots

Next Steps

- Reference Doc: Call for Participation and GoE ToRs

Project inception	01/01/2019
Requirements gathering and signature of project agreement	01/07/2019
O1. Multi-Stakeholder Policy Dialogue Platform and Development of Policy recommendation	01/04/2022
A1.1 Project Groups of Experts composition	31/10/2019
A1.2 Project stakeholders' identification and engagement	28/02/2020
A1.3 Development of Draft Policy Recommendation	01/06/2020
A1.4 Public review of Draft Policy Recommendation	01/09/2020
A1.5 Exit of Draft Policy Recommendation	01/11/2020
A1.6 Submission and adoption of Policy Recommendation by UN/CEFACT Plenary	01/04/2021
A1.7 Launch of the Call for Action	01/04/2021
A1.8 Multi-stakeholders Policy Dialogue Meetings (2 per year)	01/04/2022

- **Reference Doc:** 02. Call for Participation and GoE ToRs; 03. Group of Experts Composition

Implementation timeframe

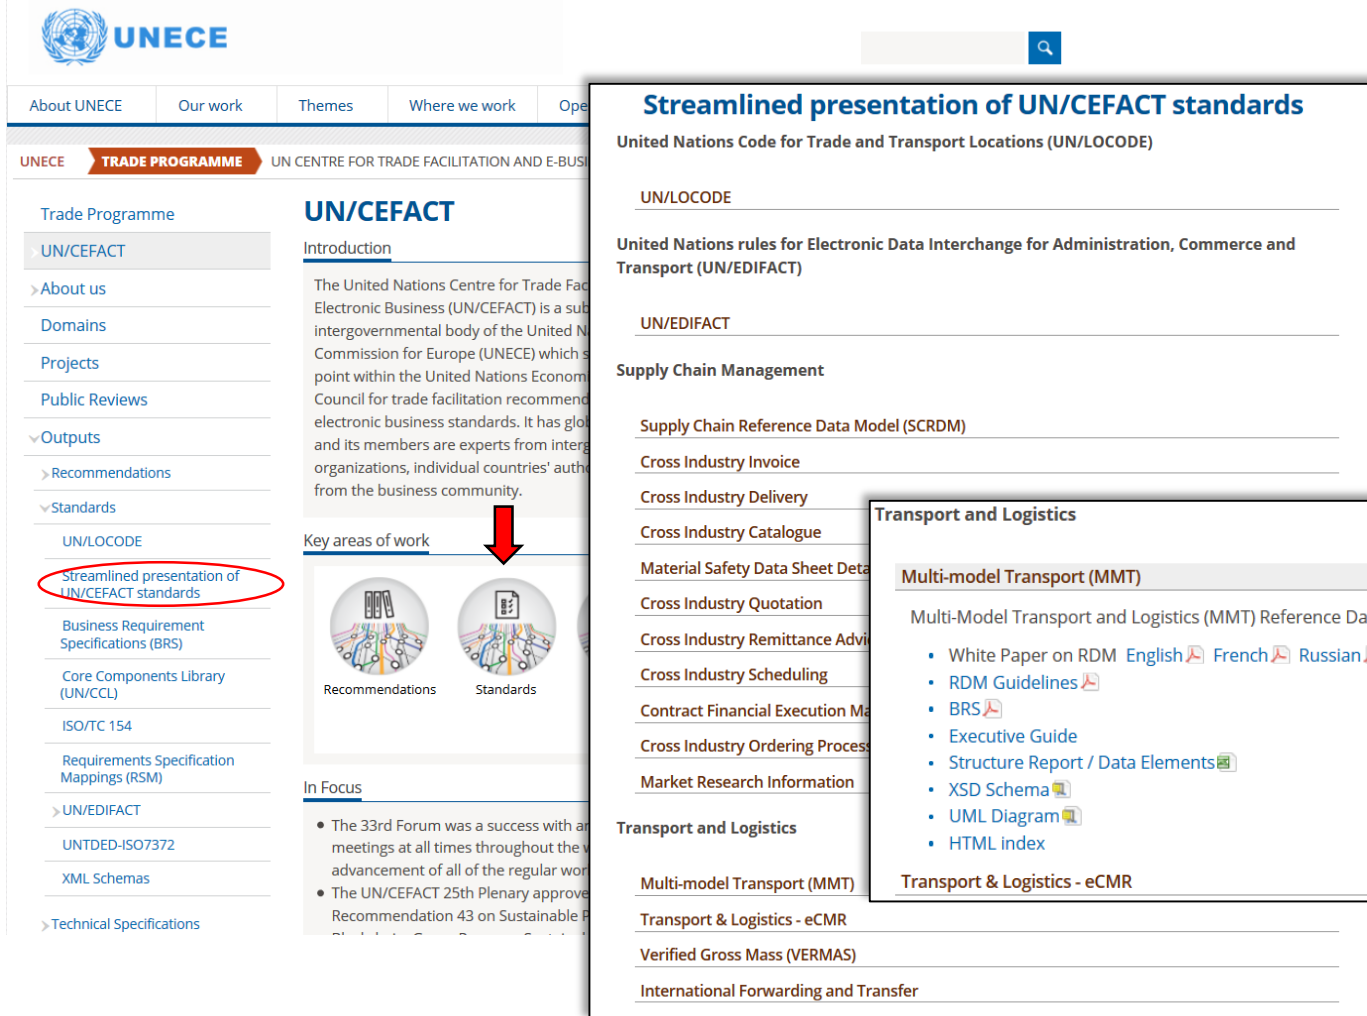

O2. Development of Transparency and Traceability Standard for the textile and Leather Value Chain	01/12/2020
A2.1 Map the traceability requirements (business and sustainability) and identify value chains sustainability hotspots and relevant standards and certifications	01/04/2020
A2.2 Design a set of standards to track and trace sustainable textile and leather value chains	01/06/2020
A2.3 Public review of draft Standards	01/09/2020
A2.4 Exit of draft Standards	01/11/2020
A2.5 Submission and adoption of Standards by UN/CEFACT Working Party	01/12/2020
A2.6 Pilot the use of the transparency and traceability framework for 1 country and 4 companies	01/12/2020
O5. Conduct of capacity building and awareness raising	01/12/2020
A5.1 Design of training and coaching sessions	01/04/2021
A5.2 Conduct of training and coaching sessions	01/02/2022
A5.3 Develop and implement a project communication strategy	01/04/2022
A5.4 Conduct a concluding Action Conference	01/04/2022
Project completion	01/07/2020
