Development software tool to be used for development

- Need to have a professional approach/methodology
- Development will be done by the Project Lead Editor based on inputs given by each team expert member for their area of responsibility. For this purpose, GEFEG will be requested to provide each active Expert with a "read only" copy of the MMT software repository (existing MMT draft).

Planning/milestones

- On line training on the development software for Experts given by Sue
- Working session F2F to be organized in Paris in March 2015, on item 1 (IFTM)
- Working session on item 2 (SMDG) in Malmoe (Sue, Yoshi, Stefano) at the time of the SMDG meeting on 31 March 2015
- In the meantime, it has been decided to hold a MMT kick-off meeting in PARIS (at the TLF premises) on 26-27 March 2015
