## Summary of the 27/03/2014 Conference Call

---

Some topics of the previous index for the project of PPP in TF have been developed as a draft previously to the conference call. One of the topics we discuss during the conference call was good governance. The experts agree to review other previous Recommendations of UN/CEFACT to check if there are some principles of Good Governance in TF that could be applied specifically in PPP. This task will be discussed farther during the 23<sup>rd</sup> UN/CEFACT Forum from the 11<sup>th</sup> to the 13<sup>th</sup> of April 2014, to review then the rest of UN/CEFACT Rec. other than the Recommendation 4, already reviewed.

We discussed specific characteristics of Hybrid PPPs to continue develop more content about this topic. Also, we agree to provide a general information of different types of PPP that should be addressed as an Annex, just in case any reader, need to have in mind the wide range of PPPs that should be possible to arrange.

Some experts will offer us to develop some text after the date of the 23<sup>rd</sup> UN/CEFACT Forum.
