

35th UNCEFACT Forum registration

Given current concerns with the Coronavirus COVID-19, the UN/CEFACT Bureau has come to the decision to postpone the 35th Forum. The health and welfare of all participants is our principle concern.

We are finalizing the plans for a Forum for the second half of the year 2020 and will keep you informed as soon as possible.

Some activities will continue in April 2020 even in the absence of a Forum (UN/EDIFACT, UN/LOCODE, Core Component Library, schema...). And we are studying the possibility of hosting a webinar to provide an update similar to the Forum Assembly meeting.
