Dear Maria,

I hereby provide Indian HoD support to the project on "Sustainable Public Procurement in Trade Facilitation".

2. Enrico may please keep me informed about project meetings as few Indian experts will participate in the project development process.

With regards,

Tahseen

Subject: K.a. HOD India at UN/CEFACT: Sustainable Procurement Project- Request for official Support

To: takhan <takhan@meity.gov.in>

Cc: Raffaele Fantetti <raffaele.fantetti@mise.gov.it>

Dear Mr. Tahseen Kahn

with reference to Your prestigious role as Head of Delegation for India at UN/CEFACT (the United Nations Facilitation and Electronic Commerce - [www.unece.org/cefact](http://www.unece.org/cefact)), I am writing to enquire if India would be supporting the project (attached herein) on "Sustainable Public Procurement in Trade Facilitation".

The aim of this project is to identify policies, standards and good practices for sustainable procurement, and trade facilitation. The project will collect best practices that provide guidance and support for financially sound, environmentally sustainable and socially responsible procurement in B2G and B2B. The project will also identify requirements and provide recommendations as to their use in such a way to minimize administrative burdens, cross border trade and access of transition and developing economies to procurement opportunities worldwide, both the WTO Government Procurement Agreement and the WTO Trade Facilitation Agreement.

The expected project deliverable is a Recommendation on sustainable procurement as a tool for trade facilitation.

The entire Team, of which are part a number of Italian experts, and I would be honoured to receive Your insight in order to allow the project to be officially validated by the UN/CEFACT Bureau and kick-start its development.

Should you need any additional information, I should be pleased to provide them and remain at Your disposal for eventual future updates.

Yours Sincerely,

Mr. Enrico Camerinelli

Project Team Leader
