I, as acting US HOD, support the launch of this project. I have vetted with and gotten appropriate US Government SME concurrence on the support for this project.

Hi John,

Hope that everything is going well for you. Busy here, as always, but very interesting work.

The UN/CEFACT Bureau has approved a revision project of UNECE Recommendation 33 on Single Window implementation - one of our cornerstone recommendations.

One of our previous vice chairs, Mats Wiktor from Swedish Customs has agreed to lead this project. We are seeking three heads of delegation to support the project so that it can be launched as per our procedures.

The project proposal is at: <https://uncefact.unece.org/display/uncefactpublic/Revision+of+Recommendation+33>.

We already have the support from Sweden and from Senegal; we were hoping to have a third which is why I am writing to you.

Would you please consider bringing your support to the launch of this project as USA HoD?

There is no complicated form for this, just a simple return email would be sufficient.

Thank you very much in advance for your consideration.

Best regards,

Lance
