Discussion items

Time	Item	Who	Notes
1min	Attendance & Apologies	BH	
50min	Discuss the latest draft BRS and next steps. Is the document ready for public review?	ALL	BH reported that schema testing successful (4 cert types rendered) and draft version sent to Bureau for 'informal' feedback ahead of public review submission. Live editing undertaken on Objective and Conclusion sections. No in principle objection to moving to public review, but more tidying recommended. Updated version to be circulated later in the week for final review.
5min	Summary & close	BH
