Summary:

- INTTRA and SCHENCKER expressed their needs to assign UN/LOCODE to container pick-up and delivery points. The team reiterated that UN/LOCODE be assigned to locations with the regular use instead of once use in the international trade.
- Brazil FP briefed 6 DMRs validation results.
- Representative of Bolivia Customs explained their DMRs and got approval with Status 'AC'

Follow-up

- Brazil FP to follow up with SCHENKER for validating their DMRs by the end of May
- The secretariat to follow up with OOCL to address missing code issue.
- The secretariat to follow up for inviting Isabelle and Albert Impink to the UN/LOCODE project meeting next Wednesday.
- The secretariat to follow up onto nomination of Bolivia NFP.
- The secretariat to respond the request from Kuwait with the agreed solution made by the team.

The next conference call has been scheduled at 15:00 on Tuesday, 9 April 2019.
