Goals

The **purpose** of this meeting is to conceptualise a **blockchain pilot project** for due diligence in the industry value chain, with a focus on cotton value chains.

- This will involve the meeting participants in: Defining the relevant **business objectives** and **processes** related to traceability and due diligence to be covered by the project
- Ascertaining the specific contribution that **blockchain technology** and related **functionalities** (such as **smart contracts**) can make to the business objectives
- Identifying **project participants** and **opportunities for cooperation**
- Outlining project steps and timelines.
