Project Purpose
The purpose of the project is to develop a Bundle Collection standard model to fulfill accounting requirements in the archiving of accounting books and documents with respect to generally admitted accounting principles.

Project Scope
A wide range of business events, resource consumption and agent actions require tracking the economic value flow with entries into accounting books justified by paper, fax, electronic or otherwise physical or virtual support.
The scope for this project consists in building a standard bundle collection to archive such bundle collection of docu-ments with accounting books. This bundle collection will be available to, and usable for all businesses activities enabl-ing completion of business scenario. The project includes all business sizes, internal as well as de-located accounting processes, domestic and international environments, single company and corporate, and concerns all activity domains.

Project Deliverables
The deliverables from the project are: A standard set of accounting and auditing data elements required to archive accounting books. If necessary: ABIEs, BBIEs, CCs and BCCs based on the UN/CEFACT Core Components Technical Specification.

Exit Criteria
No Exit Criteria defined

Project Team Membership and Required Functional Expertise
The project team is a group of experts with a balanced profile of skills and expertise in information analysis, knowledge of accounting and auditing business data and in the presentation and documentation of technical material, either indivi-dually or collectively as a group.

Head of Delegation Support
The following contributions are submitted as part of this proposal. It is understood that these are only for consideration by the project team and that other participants may submit their own contributions in order to ensure the gathering of as much information as possible from those with expertise and a material interest in the project but at the same time allow diverse voices to comment on the details of the projects and ensures that no single organization can dominate the process: A number of international and national standard dictionaries of accounting and auditing business data definitions will be used.

Geographical Focus
The focus is global and cross-sectorial within the functional area of accounting and auditing business data. Each UN/CEFACT head of delegation may designate one or more experts to the project team. In doing so, they may delegate this task to one or more organizations, which may be national, regional or international. Experts are expected to contri-bute to the work based solely on their expertise.

Note: It is understood that current TBG12 Accounting and Auditing members, who indicate so, will be included within the project.

Initial Contributions
The following contributions are submitted as part of this proposal. It is understood that these are only for consideration by the project team and that other participants may submit their own contributions in order to ensure the gathering of as much information as possible from those with expertise and a material interest in the project but at the same time allow diverse voices to comment on the details of the projects and ensures that no single organization can dominate the process: A number of international and national standard dictionaries of accounting and auditing business data definitions will be used.

Resource Requirements
Participants in the project shall provide resources for their own participation. The existence and functioning of the project shall not require any additional resources from the UN/ECE secretariat. Participants in the project shall provide resources for their own participation. The continued existence and functioning of the project team shall not require any additional resources from the UN/ECE secretariat other than:

Establishing and maintaining the project team's public Web site pages with appropriate links, document download facilities, and items of interest;
Establishing and maintaining the project team's public and private list servers.

Project Leadership
Experts who wish to participate should contact the project leader - Michel Lesourd, Chartered Accountant.
Responsible Editor: Robert Lemense.
