Executive Summary

Project purpose

The purpose of the project is to develop a Bundle Collection standard model to fulfill accounting requirements in the archiving of accounting books and documents with respect to generally admitted accounting principles.

Project scope

A wide range of business events, resource consumption and agent actions require tracking the economic value flow with entries into accounting books justified by paper, fax, electronic or otherwise physical or virtual support.

The scope for this project consists in building a standard bundle collection to archive such bundle collection of documents with accounting books.

This bundle collection will be available to, and usable for all businesses activities enabling completion of business scenario. The project includes all business sizes, internal as well as de-located accounting processes, domestic and international environments, single company and corporate, and concerns all activity domains.
